Hope's Windows Inc. is the premier manufacturer of hot-rolled steel and solid bronze windows and doors. Our specialty products division fabricates custom Steel and Stainless Steel Detention Windows – both operable and fixed. We also manufacture blast mitigation and fire rated assemblies for commercial and governmental facilities. By utilizing one manufacturer for all exterior windows and doors it ensures single source responsibility as well as proper delivery coordination.

Products applicable for the following protective glazing applications:

- Safety
- Attack
- Blast Resistance
- Bullet Resistance
- Windstorms/Hurricane Resistance
