Product Line / Service Description

- Glass Block Products
- Cellular Glass Insulation

Our commitment to excellence can be traced back as early as 1937, when a young company set out with a vision to set new standards. By providing innovative products for commercial, industrial, and residential building applications, the vision continues today. The results are as clear as our VUE® Pattern glass block. Pittsburgh Corning's glass block products continue to set the highest industry standards with a wide variety of patterns and sizes, predesigned shower system kits, a fully assembled LightWise® Window and a full line of accessory products. Pittsburgh Corning also manufactures FOAMGLAS® cellular glass insulation and accessories for industrial and commercial applications.

Products applicable for the following protective glazing applications:

- Safety
- Attack
- Blast Resistance
- Bullet Resistance
- Windstorms/Hurricane Resistance
- Seismic
